Briefing on status of Green Power Partnership's (GPP) Strategies to Address Market Barriers and Broaden Collaboration -- ARN-OAR-5400

Assistant Administrator Meeting/Request Form

Today's Date: December 7, 2012

Requesting Office: OAR/OAP/CPDP/ESIB
Susan Wickwire, 202-343-9155

Meeting: Briefing on status of Green Power Partnership's (GPP) innovative strategies to address clean energy market barriers

Purpose: To update Gina on the status of the GPP's expanding efforts to provide broad-scale solutions to partners' green power barriers. Specific initiatives include: Solar Energy Collaborative Procurement (SECP), a multi-stakeholder, coordinated solar deployment in the Washington, DC area; a strategic partnership with a unique climate neutrality initiative spanning U.S. higher education; an

aggregated deployment and education partnership with the U.S. zoo, aquarium and science museum community; and preliminary development of new green power contract vehicle. The briefing will cover each effort's basic architecture, planned next steps and opportunities for replication across the country.

Background: The GPP's mission is to reduce GHG emissions by accelerating the voluntary use of green power across the U.S. Providing solutions to address current market barriers is a core component of GPP's work.

Many stakeholders are interested in solar opportunities, but face barriers of cost (perceived and real), technical and transactional knowledge, and risk aversion. A successful model of regional collaboration for solar power was created in Silicon Valley, California which addressed these barriers by organizing a collaborative procurement and aligning it with dedicated technical and financing expertise early in the assessment process. Based on this experience, EPA's GPP launched a similar initiative in 2010 in the Washington, D.C. metro area, seeking to replicate these results on a national level. More than 170 sites at 20 public organizations were evaluated. 36 sites at five organizations were found to be viable for installing solar projects, representing 18.5 MW of capacity. Led by the Washington Metropolitan Area Transit Authority (WMATA), these five organizations are now moving into the procurement and construction phases.

Higher education has been a key sector for the GPP. Under the American College and University Presidents' Climate Commitment (PCC), more than 670 schools have committed to achieving climate neutrality. GPP has been working with the PCC since its inception, and has observed that higher education usage of renewables has lagged behind stated commitments and anticipated requirements. To address this gap, GPP has launched a focused partnership with Second Nature, the NGO sponsor of the PCC, to provide direct and ongoing technical assistance and transactional guidance to schools pursuing their GHG reduction goals. Because of the scale of the PCC commitments and the operational and financial characteristics of the schools themselves, this constitutes a significant opportunity to bring substantial new financial stability to expanding U.S. green power supply.

Similarly, the zoo, aquarium and science museum (ZAM) community has developed a distinct interest in harnessing green power for their operations. ZAMs are also explicitly interested in facilitating opportunities for their visitors to embrace green power opportunities for their own homes. GPP and The Ocean Foundation have launched a pilot to help ZAMs address—at scale—their own green power opportunities as well as to define, scope and deploy appropriate opportunities for visitors.

Tradable delivery contracts (TDCs) were proposed as a potential innovation several years ago to advance green power, but have largely languished since due to the lack of a champion. TDCs could offer project developers an enduring capital commitment and provide end users with a means to mitigate price and supply risks and to incentivize desirable, new renewable energy sources. GPP is working with the initial developer of the TDC concept to produce a white paper and convene a piloting discussion with key potential stakeholders.

Who else will be attending in addition to Bob and Gina? If possible, it would be nice to have Reed Harvey, the new State contact attend. Might any of Gina's staff attend, e.g. Joe Bryson?

The topics we had in mind are:

NARUC working together with EPA at our meetings, webinars, etc.

Hydraulic Fracturing

Climate Change: follow through on President's speech

Funding for NARUC educational activities, e.g. how to quantify EE benefits for the SIPs; educating states on EPA regulation of coal fired generation; future 3N meetings (EPA participation in next 3N meeting)

We would obviously be happy for EPA to add to this agenda.

Thank you.

Hi Cindy (cc reply all),

I'll be supporting Prabhu Dayal with final arrangements for our the plenary session and Ms. Gina McCarthy's presentation at EUEC 2013. I have 5 items for you:

1. Like last year, we will have Ms. McCarthy's badge and info packet delivered to the front desk of her hotel on Sunday afternoon. She does not need to register at the registration desk.
2. Can you email her presentation by 5PM on Friday so our A/V team can load and properly test it before Monday morning? You can email to me and Prabhu anytime.
3. The plenary session starts at 8 a.m. and will end at 11:00 a.m. Please arrive 15 minutes early to navigate the convention center and to the center stage.
4. Ms. McCarthy is scheduled to be our first speaker after brief opening remarks.
5. There is no news conference on Monday morning. (There was last year.)

Please contact me with any questions or concerns. We will look forward to receiving Ms. McCarthy's presentation and welcoming her to Arizona.

Thank you,

Nancy

To: Ms. Gina McCarthy, Assistant Administrator, US EPA
Cindy Huang
(202) 564-7404

Dear Ms. Gina McCarthy,
We would like to once again invite you to speak in the keynote plenary session at
EUEC 2013: USA's largest Energy Utility & Environment Conference in Phoenix
Arizona on January 28, Phoenix, Arizona

I met with key staff at the Obama Headquarters in Chicago last Wednesday and hope to
develop a White House Press release to promote the Presidents initiatives and your
participation at EUEC 2013.

Senior Obama Administration Officials will participate in the keynote plenary session of EUEC: USA's
Largest Energy, Utility & Environment Conference, on January 28, 2013 in Phoenix, Arizona, to detail their
efforts for the development of safe and responsible domestic oil and gas production to increase American energy
independence.

(b) (6) Deputy Assistant Secretary, United States Department of Energy, will discuss the development of
shale oil and natural gas in America's clean energy economy and the President's goal, in 10 years' time, to be free
of dependence on middle eastern oil.

Gina McCarthy, Assistant Administrator, United States Environmental Protection Agency, will discuss fast track
permitting for oil and gas pipelines provided by the Agency and measures for the safe development of fracking.

Attached is the short 4 page Conference outline.

Please let me know, if you accept.

Thanks.

Subject: Speaking Invitation for Gina or Janet

Here is the agenda for the New York City conference I mentioned over the phone. We're really hoping that either Gina or Janet can be the lunch-time speaker on January 29th.

Every January, SNL Energy sponsors a big utility conference in New York to discuss the issues that are of greatest importance for people making investments in the power sector. The current agenda for the conference is attached. Former Mayor Rudy Giuliani will be the kickoff speaker, and the conference will be attended by the CEOs of virtually every major utility company and by senior officials from banking and private equity world who invest in the power sector. We're hoping that Gina or Janet would be willing to be the luncheon speaker on January 29th. This group would be very interested in hearing their thoughts about the future of the U.S. power sector and how it will be affected by EPA regulations and congressional action on environmental issues.

Right before the speech on the 29th, there is a panel discussion that will include Jim Rogers, the CEO of Duke Energy, Ralph Izzo, the CEO of PSE&G, Bruce Williamson, the CEO of Cleco, and John Somerhalder, the CEO of AGL Resources. I think Gina and Janet know all these folks pretty well.

As I mentioned, I would appreciate it if you could let me know soon as you can whether Gina or Janet might be available and interested in participating.

Thanks,

Jeff

Subject: FINAL INFO for JAN 30 NJ/WANADA EVENT-Please Confirm Receipt

Hello All-

First I would like to thank you for your patience and prompt response the in last 24 hours. As you are aware, I ran into some programming and schedule changes. Because of your willingness to be flexible, we did not lose any speakers, and in doing so, we are able to allow additional time for your conversations.

****In short, the two panels will flip flop in order from the original agenda. You will have the same moderator as scheduled before, but the expert's panel will now be on stage with Fawn from 8:35-9:30, and the Automakers on stage with Amy from 9:30-10:25. Both portions will still include audience question and answer.**

I have attached an updated agenda to this e-mail, as well as a briefing document with detailed information on logistics, including on the new program. **I kindly ask that if your panel begins at 8:30, that you are in the Caucus room no later than 8:15- (ideally a little before), and if your panel is at 9:30, that you are in the room no later than 9:15 (again, a little before would be ideal). Also, if you have not already done so, please provide me with your cell phone number for the morning. I do not anticipate needing to call you, but like to have it just in case. I can be reached anytime at 202-316-6712.**

A few items to note:

- This event takes place at the Cannon House Office Building in the Caucus Room, 44 Independence Avenue, SW

Once again, a HUGE thank you to all of you for agreeing to join, and for being so patient and flexible. We have received an overwhelming public response coming to the event-- over 500 RSVPs -- so we expect a very full room.

Please let me know if you have any questions, and I look forward to seeing you all tomorrow.

Subject: Energy Future Coalition

Dear Gina:

I hope you are doing well despite Lisa's planned departure. You would be my pick for Administrator, but perhaps that would be a punishment, not a reward, for your hard work!

The next meeting of our Energy Future Coalition Steering Committee is on the morning of Wednesday, January 30, from 10 am to noon. Recognizing that your schedule must be somewhat uncertain, is there any chance that you could join us for all or part of it? We would love to hear from you about the regulatory outlook for clean air and climate in 2013, and also to discuss our ongoing interest in aromatics. We would be very grateful if you could work this session into your calendar.

If that is logistically impossible, our next meeting beyond that is Monday, March 4, also at 10 am.

As you may recall, we have a distinguished and bipartisan Steering Committee –a list of our current members and their affiliations is attached. Typically, 8-10 members of the Steering Committee are present for any one meeting –but I suspect more may be present if you were our guest!

The [Energy Future Coalition](#) is a foundation-supported public policy initiative that attempts to identify fresh approaches to energy policy that can find common ground bridging the usual partisan and sectoral divisions –a harder task now than ever, but we hope it will be an achievable one in the new Congress.

We miss your Boston brogue and hope you can be with us on January 30! In any case, stay warm and best wishes for the new year.

With best regards,
Reid

Hi ladies!

Supervisor Salud Carbajal, Vice-Chair of our Local Government Advisory Committee (LGAC), will be in DC on Jan. 30 and he has requested to meet with the Deputy to talk about:

- LGAC
- climate change, and whether EPA is considering any rulemakings or actions
- fracking
- marine vessel emissions (as related to air quality)
- Bob's participation in the NACo meeting

We plan to have Sarah Hospodor-Pallone, Janet McCabe, and Bob Sussman in the room to help with details. Is Bob available on Jan. 30 from 1:00pm-2:00pm?

Thank you!

E-Enterprise Discussion with Cynthia Giles/Larry Starfield OECA/ Malcolm Jackson/Renee Wynn OEI/Gina McCarthy/Janet McCabe OAR -- 3204 ARS

Colleagues: as you know, the agency has a plan for moving into the electronic age - dubbed e-enterprise for the environment. We have a workgroup going with ECOS, lots of work underway within EPA, and a budget proposal for FY14 pending at OMB. The management of this effort has largely been donated by OEI and OECA managers, with assist from people from many other offices. We need to move to a more solid footing for the management of e-enterprise if this effort is going to really get implemented. A straw proposal for management of e-enterprise has been developed by the e-reporting task force, which includes representation from many of your offices. Malcolm and I would like to get together with you and your deputy to briefly discuss this proposal and to get your feedback and any suggested revisions. Our hope is that we can get these meetings in the coming two weeks, and get a proposal to Bob P for decision no later than the end of January.

The draft proposal is attached. You will be hearing from my office about scheduling - should be no longer than 30 minutes.

Thanks and please call if any questions -

Presidential Rank Award Breakfast -- Green Room

Each year, since the establishment of the Senior Executive Service, the President has conferred the ranks of Distinguished Executive and Meritorious Executive on a select group of career members of the Senior Executive Service who have provided exceptional service to the American people over an extended period of time. Executives from across Government are nominated by their agency heads, evaluated by citizen panels, and, finally, designated by the President. .

The *D i s t i n g u i s h e d E x e c u t i v e* rank is awarded to leaders who achieve extraordinary results. These awardees receive a lump-sum payment of 35 percent of their base salary, a gold pin, and a framed certificate signed by the President. The *M e r i t o r i o u s E x e c u t i v e* rank is awarded to leaders for sustained accomplishments and they receive a lump-sum payment of 20 percent of their base salary, a silver pin, and a framed certificate signed by the President.

The Office of the Administrator and the Office of Administration and Resources Management cordially invite you to a reception celebrating the U.S. Environmental Protection Agency's 2011 and 2012 Presidential Rank Award recipients.

Hi Cindy (cc reply all),

I'll be supporting Prabhu Dayal with final arrangements for our the plenary session and Ms. Gina McCarthy's presentation at EUEC 2013. I have 5 items for you:

1. Like last year, we will have Ms. McCarthy's badge and info packet delivered to the front desk of her hotel on Sunday afternoon. She does not need to register at the registration desk.
2. Can you email her presentation by 5PM on Friday so our A/V team can load and properly test it before Monday morning? You can email to me and Prabhu anytime.
3. The plenary session starts at 8 a.m. and will end at 11:00 a.m. Please arrive 15 minutes early to navigate the convention center and to the center stage.
4. Ms. McCarthy is scheduled to be our first speaker after brief opening remarks.
5. There is no news conference on Monday morning. (There was last year.)

Monday

Please contact me with any questions or concerns. We will look forward to receiving Ms. McCarthy's presentation and welcoming her to Arizona.

Thank you,

Nancy

Dear Ms. Gina McCarthy,

We would like to once again invite you to speak in the keynote plenary session at EUEC 2013: USA's largest Energy Utility & Environment Conference in Phoenix Arizona on January 28, Phoenix, Arizona

I met with key staff at the Obama Headquarters in Chicago last Wednesday and hope to develop a White House Press release to promote the Presidents initiatives and your participation at EUEC 2013.

Senior Obama Administration Officials will participate in the keynote plenary session of EUEC: USA's Largest Energy, Utility & Environment Conference, on January 28, 2013 in Phoenix, Arizona, to detail their efforts for the development of safe and responsible domestic oil and gas production to increase American energy independence.

(b) (6) Deputy Assistant Secretary, United States Department of Energy, will discuss the development of shale oil and natural gas in America's clean energy economy and the President's goal, in 10 years' time, to be free

Subject: Speaking Invitation for Gina or Janet

Here is the agenda for the New York City conference I mentioned over the phone. We're really hoping that either Gina or Janet can be the lunch-time speaker on January 29th.

Every January, SNL Energy sponsors a big utility conference in New York to discuss the issues that are of greatest importance for people making investments in the power sector. The current agenda for the conference is attached. Former Mayor Rudy Giuliani will be the kickoff speaker, and the conference will be attended by the CEOs of virtually every major utility company and by senior officials from banking and private equity world who invest in the power sector. We're hoping that Gina or Janet would be willing to be the luncheon speaker on January 29th. This group would be very interested in hearing their thoughts about the future of the U.S. power sector and how it will be affected by EPA regulations and congressional action on environmental issues.

Right before the speech on the 29th, there is a panel discussion that will include Jim Rogers, the CEO of Duke Energy, Ralph Izzo, the CEO of PSE&G, Bruce Williamson, the CEO of Cleco, and John Somerhalder, the CEO of AGL Resources. I think Gina and Janet know all these folks pretty well.

As I mentioned, I would appreciate it if you could let me know soon as you can whether Gina or Janet might be available and interested in participating.

Subject: FINAL INFO for JAN 30 NJ/WANADA EVENT-Please Confirm Receipt

Hello All-

First I would like to thank you for your patience and prompt response the in last 24 hours. As you are aware, I ran into some programming and schedule changes. Because of your willingness to be flexible, we did not lose any speakers, and in doing so, we are able to allow additional time for your conversations.

In short, the two panels will flip flop in order from the original agenda. You will have the same moderator as scheduled before, but **the expert's panel will now be on stage with Fawn from 8:35-9:30, and the **Automakers on stage with Amy from 9:30-10:25**. Both portions will still include audience question and answer.

I have attached an updated agenda to this e-mail, as well as a briefing document with detailed information on logistics, including on the new program. **I kindly ask that if your panel begins at 8:30, that you are in the Caucus room no later than 8:15-**

(ideally a little before), and if your panel is at 9:30, that you are in the room no later than 9:15 (again, a little before would be ideal). Also, if you have not already done so, please provide me with your cell phone number for the morning. I do not anticipate needing to call you, but like to have it just in case. I can be reached anytime at 202-316-6712.

A few items to note:

- This event takes place at the Cannon House Office Building in the Caucus Room, 44 Independence Avenue, SW Washington, DC 20515.
- The Caucus Room is on the 3rd floor. *P l e a s e a l l o w y o u r s e l f e x t r a t i m e t o p a s s t h r o u g h s e c u r i t y .*
- Parking is VERY limited. Taking the Metro or a taxi is strongly encouraged

Once again, a HUGE thank you to all of you for agreeing to join, and for being so patient and flexible. We have received an overwhelming public response coming to the event-- over 500 RSVPs -- so we expect a very full room.

Please let me know if you have any questions, and I look forward to seeing you all tomorrow.

Best,
Lila

To: Gina McCarthy

Subject: Energy Future Coalition

Dear Gina:

I hope you are doing well despite Lisa's planned departure. You would be my pick for Administrator, but perhaps that would be a punishment, not a reward, for your hard work!

The next meeting of our Energy Future Coalition Steering Committee is on the morning of Wednesday, January 30, from 10 am to noon. Recognizing that your schedule must be somewhat uncertain, is there any chance that you could join us for all or part of it? We would love to hear from you about the regulatory outlook for clean air and climate in 2013, and also to discuss our ongoing interest in aromatics. We would be very grateful if you could work this session into your calendar.

If that is logistically impossible, our next meeting beyond that is Monday, March 4, also at 10 am.

As you may recall, we have a distinguished and bipartisan Steering Committee –a list of our current members and their affiliations is attached. Typically, 8-10 members of the Steering Committee are present for any one meeting –but I suspect more may be present if you were our guest!

The [Energy Future Coalition](#) is a foundation-supported public policy initiative that attempts to identify fresh approaches to energy policy that can find common ground bridging the usual partisan and sectoral divisions –a harder task now than ever, but we hope it will be an achievable one in the new Congress.

We miss your Boston brogue and hope you can be with us on January 30! In any case, stay warm and best wishes for the new year.

With best regards,
Reid

Presidential Rank Award Breakfast -- Green Room

Each year, since the establishment of the Senior Executive Service, the President has conferred the ranks of Distinguished Executive and Meritorious Executive on a select group of career members of the Senior Executive Service who have provided exceptional service to the American people over an extended period of time. Executives from across Government are nominated by their agency heads, evaluated by citizen panels, and, finally, designated by the President. .

The *D i s t i n g u i s h e d E x e c u t i v e* rank is awarded to leaders who achieve extraordinary results. These awardees receive a lump-sum payment of 35 percent of their base salary, a gold pin, and a framed certificate signed by the President. The *M e r i t o r i o u s E x e c u t i v e* rank is awarded to leaders for sustained accomplishments and they receive a lump-sum payment of 20 percent of their base salary, a silver pin, and a framed certificate signed by the President.

Meet & Greet w/Marlene MacEwan, Treasurer of Cancer Survivors Against Radon (CanSAR) Shawn Price, President and Peter Hendrick, Executive Director, American Association of Radon Scientists and Technologists, Inc. (AARST), -- 3412 ARN

Thank you Teri!

I just heard back from Peter who confirmed the meeting time for Mon, Feb 4 from 2:30 - 2:50 pm. His contact info is:

Peter Hendrick
Executive Director, AARST
American Association of Radon Scientists and Technologists, Inc.
www.internationalradonsymposium.org and www.aarst.org
director@aarst.org PH: 603-756-9259
(mobile) 603-852-0644

Shawn Price, AARST President, 828-290-2341

I've also attached the bio for Ms. MacEwan with CanSAR, and the talking points she will use during the event at HUD Monday morning where the Administrator introduces her. I'll work with our Radon folks to have talkers for Bob for this 2:30 meeting as well as a complete briefing package with this info compiled.

Hi Teri,

We would like for the Deputy to meet with the leadership of CanSAR and AARST. Scott

Monday

Fraser on my team is the lead on this and will coordinate with you if the Deputy is available.

The representatives of this organization are only in town for the announcement next week.

Dru,

Please see the attached speaker request form for Bob P. to meet with three individuals following HUD's Healthy Housing event. They would like to spend 15 - 20 min with the DA on either Feb 4th or 5th. OAR's Radon point of contact is Kristy Miller.

Their purpose is to emphasize the strong leadership EPA has been taking with the new Federal Radon Action Plan and the need for continued leadership in support of approved consensus standards and improve policies from all federal agencies. They would also like to deliver a copy of the first Multifamily Radon Mitigation Standard announced by AARST-ANSI on Feb 1, 2013.

The members of the meet and greet are:

- Marlene MacEwan, Treasurer of Cancer Survivors Against Radon (CanSAR)
- Peter Hendrick, Executive Director, American Association of Radon Scientists and Technologists, Inc. (AARST)
- Shawn Price, President, AARST

The draft agenda and press release for the event they are attending along with the Administrator on Feb 4th are attached:

Background:

Marlene, Treasurer of CanSAR (and a CPA from Oregon), lost her never-smoker husband, Bob, to radon induced lung cancer, and she has been instrumental in working with her regional American Lung Association in passing new radon policy initiatives and legislation in the state of Oregon. See: <http://www.cansar.org/about/our-stories/>

CanSAR founders Sue Smith and Elizabeth Hoffman (CanSAR President), started to work on a HUD initiative in 2003. Sue passed away over five years ago, and

Elizabeth, who was invited by HUD and EPA to attend the announcement, has Stage 4 lung cancer and is currently undergoing chemotherapy and cannot travel. While a small organization, CanSAR has proven to be a powerful catalyst for new radon policy initiatives at the local, national and federal levels.

AARST is a professional and credentialing organization and an ANSI accredited standards writing organization. They do not receive federal funding but partner and work with state and federal radon programs.

Neither AARST nor CanSAR maintain a Washington office and are travelling significant distances to attend this announcement.

Scott:

Attached is a formal meeting request form for CanSAR and AARST representatives to meet with Dep/Acting Administrator Bob Perciasepe on either Feb 4 or Feb 5, 2013.

I sincerely hope I have filled in the required information correctly.

We've tried to allow for flexibility for scheduling, especially on Tuesday. We all have late afternoon flights leaving National on Tuesday.

I appreciate your assistance in this matter.

U.S. Stakeholder Meeting on 2013 Activities Under the Montreal Protocol -- EPA East Room 1153

Requesting Meeting: Gina McCarthy

Date of this Request: January 22, 2013

Point of Contact (Name/Number): Cindy Newberg/202-343-9729

Title of Meeting: U.S. Stakeholder Meeting on 2013 Activities under the Montreal Protocol

Purpose of Meeting: This meeting is co-hosted with the Department of State to provide stakeholders an update and forum for discussing 2013 activities concerning the North American Proposal to address hydrofluorocarbons (HFCs) under the Montreal Protocol.

Priority Status (check one) ☒ **Critical** (time sensitive) ☐ **Less Immediate** _____

Last possible date for meeting: Tuesday, February 5, 2013, 11:30 am to 12:30 pm

If the meeting is critical, please explain why: The U.S. government will seek input on addressing HFCs under the Montreal Protocol. The U.S. intends to re-submit an amendment, with our North American partners to phase-down HFCs. We seek stakeholder input on several potential changes from last year.

This meeting provides an opportunity for stakeholder input prior to the amendment's submission to the Montreal Protocol Secretariat in April. Dan Reifsnyder will represent DOS. EPA and DOS use these meetings to assess and strengthen continued support by key stakeholders with a view towards increased momentum for adoption of an HFC amendment. Additional meetings will be held at the staff level between February and early April.

Location of Meeting: EPA East Room 1153

Length of Meeting: 90 minutes from 1100 am to 12:30 pm (however, if her schedule only allows for introductory remarks during the first 45-minutes, we can accommodate.)

John,

You are confirmed for a one hour meeting with Janet McCabe on Wednesday, February 6, 2013 at 12:00pm. Please provide a list of attendees no later than COB on Friday, 2/1 so we can provide the list to our security team for pre clearance. All attendees must bring a government issued photo ID to gain entrance. Below are directions and security procedures.

If you come by Metro the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and turn right. You will see a set of stairs and glass Doors with EPA Signified on Glass. That is Ariel Rios North.

John,

You are confirmed for a one hour meeting with Janet McCabe on Wednesday, February 6, 2013 at 12:00pm. Please provide a list of attendees no later than COB on Friday, 2/1 so we can provide the list to our security team for pre clearance. All attendees must bring a government issued photo ID to gain entrance. Below are directions and security procedures.

If you come by Metro the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and turn right. You will see a set of stairs and glass Doors with EPA Signified on Glass. That is Ariel Rios North.

If you are coming by taxi, you would want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th. From 12th Street, facing the building with the EPA and American flags, walk toward the building and take the glass door on your right hand side with the escalators going down to the metro on your left. This again will be the North Lobby of the Ariel Rios bldg.

Upon entering the lobby, the meeting attendees will be asked to pass through security and provide a photo ID for entrance. Let the guards know that you were instructed to call 202-564-7400. If you are travelling in a large group, you may want to arrive 10-15 minutes early in order to be on time for the meeting.

If I can provide further assistance, feel free to contact me.

To All OAR Staff:

Administrator Jackson will visit with us this Thursday from 10:50 to 11:10 a.m. EST in ARN 5530 to thank staff members and say farewell. I look forward to thanking her for providing the strong, steady leadership that made possible our historic progress in addressing climate change, reducing mercury and other harmful air pollutants, and strengthening our relationships with states, tribes and communities. I hope you and members of your management team and staff will be able to join us in person or by video.

Those attending in person should plan on arriving in ARN 5530 by 10:35 a.m. EST to help the Administrator stay on schedule as she visits with 14 EPA offices on Thursday. EPA's official

photographer will take candid photographs that will be shared with staff, so please do not bring personal cameras or camera phones. Also, due to time constraints, the Administrator will not be signing any memorabilia or accepting gifts.

We'll be sending you a scheduler soon with video and conference line details and who to contact if your office requires video support. I look forward to celebrating the Administrator's service and our successes with you on Thursday.

Subject: Materials for Gina's radon talk on Feb 14th

Larke

Here are the TPs for Gina. We also included some logistical information up front.

In addition, a few background documents for when you are putting together her folder:

1) Probably didn't need to do an "event form", but it's a good way to have the info easily presented:

2) The conference agenda

3) A summary of the new HH strategy - this is the "context" of her talk. She'll talk about how EPA is excited about it, and how the radon work falls under it

4) OAR's new radon plan Accomplishment Report

5) and the biggest success of the radon plan, the new HUD housing policy:

HUD Multi-Family Radon Policy

Thanks,
Bill

Directions and procedures: If you come by Metro the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and turn right. You will see a set of stairs and glass Doors with EPA Signified on Glass. That is Ariel Rios North.

If you are coming by taxi, you would want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th. From 12th Street, facing the building with the EPA and American flags, walk toward the building and take the glass door on your right hand side with the escalators going down to the metro on your left. This again will be the North Lobby of the Ariel Rios bldg.

Upon entering the lobby, the meeting attendees will be asked to pass through security and provide a photo ID for entrance. Let the guards know that you were instructed to call 202-564-7400. If you are travelling in a large group, you may want to arrive 10-15 minutes early in order to be on time for the meeting.

Directions and procedures: If you come by Metro the Federal Triangle metro stop is directly below the building entrances. You would leave the metro station and go up all three sets of escalators and turn right. You will see a set of stairs and glass Doors with EPA Signified on Glass. That is Ariel Rios North.

If you are coming by taxi, you would want to be dropped off on 12th NW, between Constitution Ave and Pennsylvania Ave. It is almost exactly half way between the two avenues on 12th. From 12th Street, facing the building with the EPA and American flags, walk toward the building and take the glass door on your right hand side with the escalators going down to the metro on your left. This again will be the North Lobby of the Ariel Rios bldg.

Upon entering the lobby, the meeting attendees will be asked to pass through security and provide a photo ID for entrance. Let the guards know that you were instructed to call

Subject: Keynote Invite to February 21st Conference at Georgetown Law

Dear Gina –Please see the formal invitation attached to our upcoming conference. We thought this would be a good time to continue the conversation about what is possible moving forward at the state, regional, and federal level on climate, clean energy, and adaptation. As we've done in the past, we've scheduled this around the NGA meeting in hopes that some governors will also attend, and so far, Gov. Malloy has expressed interest in joining us on Friday! We hope you can also join us again since we know that you've never forgotten your "roots" in state work! Hope to see you soon!

All best,
Vicki

In the hope that we can have a conversation asap, I thought I'd take a stab at setting up a call. The rest of the week turns crazy town for me and I didn't want to lose a whole week if it could be avoided.

We can use this time to discuss EPA comments. Or if you all have not had time to review the guidance, we could use the time to walk through the document.

I'm crossing my fingers this will work. Happy weekend,
Beth

Telephone call with Nancy Sutley, Chair, Council on Environmental Quality

DATE: Friday, March 8,
12:00 PM – 12:15 PM

INSTRUCTIONS:

Gina will call (202) 456-3270; Shira Miller will connect her to Nancy Sutley.

PURPOSE:

This is a post-announcement courtesy call to share congratulations and say that you look forward to continuing to work with Nancy and CEQ.

TALKING POINTS:

- Thank you for all of your support and efforts to date
- We accomplished a lot together in the first term, in large part thanks to CEQ
 - *[Share some of your personal background]*
 - *[share why you're excited for this opportunity]*
- We've got a lot of work to do in the future
- I look forward to continue working closely together

PERSONAL BACKGROUND:

Nancy Sutley, Chair, Council on Environmental Quality

Nancy Sutley is the Chair of the White House Council on Environmental Quality (CEQ). In her role as Chair, she serves as the principal environmental policy adviser to the President.

Prior to her appointment, Sutley was the Deputy Mayor for Energy and Environment for the city of Los Angeles, California. She represented Los Angeles on the Board of Directors for the Metropolitan Water District of Southern California and served on the California State Water Resources Control Board from 2003- 2005. Sutley also worked for California Governor Gray Davis as Energy Advisor, managing state and federal regulations, legislative affairs, finances and press relations. She served as Deputy Secretary for policy and intergovernmental relations in the California EPA from 1999-2003. She advised on water and air pollution policy, and established budget and legislative priorities. During the administration of President William J. Clinton, Sutley worked for the EPA as a Senior Policy Advisor to the Regional Administrator in San Francisco and special assistant to the Administrator in Washington, D.C.

Sutley received her bachelor's degree from Cornell University and her Master in Public Policy from Harvard University.

Background: Flares are often used at petroleum refineries as a control device for regulated vent streams, as well as to handle non-routine emissions (e.g., leaks, purges, emergency releases). Better flare operation practices will ultimately result in improved combustion efficiencies that have the potential to improve public health by reducing emissions of air toxics that may pose a health risk to vulnerable populations, including the young, elderly and those with respiratory problems. We also anticipate co-benefit reductions of some criteria pollutants and greenhouse gases (GHG).

In the spring of 2012, the EPA's Office of Air Quality Planning and Standards concluded an ad-hoc flare peer review study dedicated to determining parameters for properly designed and operated flares. An eight person review panel was tasked with answering specific charge questions relating to proper design and operation of steam and air assisted flares. There was general agreement among the panel regarding factors that most affect combustion efficiency and overall flare performance. In addition, there is support from both the regulated industry and the environmental community to address the issue in the Refinery RTR.

Hi all,

Can we gather at 5 to follow up on Friday's Portland harbor call?

I'd like to make sure that that there are no additional issues with the path that we laid out on Friday, and Mathy, if your folks have put pen to paper on what we discussed, it would good to discuss.

This should be a quick call.

Thanks!

Regional Administrators and OAR AA Gina McCarthy Quarterly Update Conference Call

Chair: Stan Meiburg

Call-in Number: (b) (6)

Code: (b) (6)

Date: Tuesday, June 18, 2013

Time: 3:00 to 4:00 pm Eastern

FINAL Agenda

1. Roll Call
2. Topics for Discussion –
 - a. Federal Radon Action Plan: Led by either Gina McCarthy and/or Mike Flynn
 - b. Update on Air Pollution Transport: Gina McCarthy
 - c. Update on Ozone: Gina McCarthy
3. Wrap Up

For today's call, Region 5 offered the topic of the status of ethanol SIP rulemakings (a more complete description of the topic is provided below). Given that this topic will be of significant interest to some Regions and less to others, OAR would like to hold a separate call with those interested in this issue. If you would like to be part of this separate call, please send a note to the OAR Lead Region Coordinator, Ken Mitchell (Mitchell.ken@epa.gov) and he

will make sure you are included.

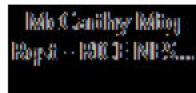

Ethanol SIP Rulemaking Background (from Region 5)

Since the filing of challenges to EPA's 2007 rule which excluded ethanol plants from the "chemical process plant" source category, SIPs that make changes consistent with the rule have been put on hold. Many of these SIPs are now part of EPA's backlog, including 3 in Region 5.

Recently, the Indiana Court of Appeals has ruled in favor of NRDC litigation against Indiana's regulations which exclude ethanol plants from the "chemical process plant" source category. Under the PSD program, a chemical process plant has a major source threshold of 100 tons per year (tpy). By excluding ethanol plants from this source category, sources are subject to a 250 tpy major source threshold; the court's ruling would make them major sources if they emit more than 100 tons per year.

This memorandum marks the beginning of our collaborative efforts to develop the agency's FY 2015 budget submission to OMB. We have made significant progress over the past several years in implementing current priorities with our available resources, and we look forward to refining those priorities for the years ahead. On July 16, 2013 at Potomac Yard in Arlington, VA, the agency will hold its annual Budget Forum. Information on logistics will be provided shortly.

Teri,

I left a message for Steve Woock to know he was invited to attend but I think he is in transit to DC. I am pretty confident he will be coming but don't have final confirmation.

In addition, Jim Taylor (MWV), Chris Keuleman (IP), and Rob Kaufmann (GP) will be attending.

Let me know if you have any questions. We will come to Ariel Rios/Clinton North Tower, correct?

Tim

Our participants will be:

1. Donna Harman, CEO and President AF&PA
2. Paul Noe, VP for Public Policy
3. Jan Poling, General Counsel
4. Russ Frye, outside counsel
5. Tim Hunt, Senior Director Air Quality Programs for AF&PA and American Wood Council

July 23, 2013 Continued

Tuesday

have a good weekend.

Tim

This meeting is with Tim Hunt, AF& PA - he will contact Weyerhaeuser and others and will let us know who will be attending from their organization. Please note they requested that the meeting be held on Thursday.
